

Instructions for making your video presentation

Your task is to make a powerpoint presentation for the topic that your group has chosen. To do this, you will need to research your topic keeping in mind that it has to be related to the course content or as you have been instructed. Begin your research NOW!

Your proposal, and getting it approved

You must have a title and a paragraph explaining (in rough terms) what you think your presentation might be about. This needs to be approved by your instructor by the deadline date.

Your completed task has to conform to the following:

- Your presentation is to be 8-10 minutes long
- You must have use text /and or images
- You must provide audio commentary using the trial Camtasia program, or an equivalent software
- Your audio commentary MUST be your own wording. Reading text from (for example Wikipedia) will disqualify your presentation.
- All the members of your group must participate in the audio commentary.
- You must have at least 8 slides, but can have many more, if you wish.
- Your first, second and final slide MUST have the following format:

Slide 1: Here you state the title and the aim of the presentation, and why it is important as regards the English speaking world.

Slide 2: Here you state..... By the end of this presentation, you will have an understanding of :# list items

Final slide: Here you state: In this presentation, you have learned about
